I'm nothing, I'm nothing
Got here, and now I'm gone
So many days fly by
You haunt me the times I shut my eyes
Choke softly from the poetry
It doesn't sound as true
When you still wear her scentI never thought you would've
thrown something back,
ripping apart my heart.
(I see you only at night)Won't look back,
Wretched night.I pray for peace of mind
I beg for a brand new life
I plead for a second chance
And the ability to shut my eyes at nightI pray for peace of mind
I beg for a brand new life
I plead for a second chance
And the ability to shut my eyes at nightAngels die and memories fade
I'll live to see, the day that you breakI never thought you would've
thrown something back,
ripping apart my heart.
I see you only at night.My heart fades
My heart fadesA true friend stabs you in the front
A true friend stabs you in the front
A true friend stabs you in the front
A true friend stabs you in the frontI pray for peace of mind
I beg for a brand new life
I pray for a second chance
And the strength
To burn this mother fucker down
