

Gotta Make It (remix)

Trey Songz

Just gotta make it, alright, just gotta make it
Just gotta make it, alright, just gotta make it
Oh no, oh no
Just gotta make it, alright, just gotta make it
Shawty, all I got is a dollar and a dream
Is ya gonna roll wit me?
You see, I've tried a 9 to 5 and it just don't fit me
No, I can get us out the hood and have us livin' good
Ya feel me?
But I ain't leavin' here if you ain't wit me
'Cause girl a suit wit a smile that don't fit me
Taking a bus for some miles is gon' kill me
I'm tryin' to turn it around
Start this thing from the ground
And as long as you're down I know
Looking at you day after day, I know I
Just gotta make it alright I just gotta make it
Just gotta make it
Just to see that smile upon your face I know I
Just gotta make it alright I just gotta make it
Everything I do I do for you and we
Just gotta make it alright just gotta make it
To the top of the world me and my girl we
Just gotta make it alright just gotta make it
Now, baby one day soon you go walk outside
And see a Mercedes and I'm gone give ya the keys
And tell ya 'go shoppin' and buy everything you want
Buy everything you need make sure you get some shit for me
Then I can get us out the hood and have us livin' good
But first I gotta know that you gonna roll
'Cause a suit wit a smile don't fit me
Taking a bus for some miles is gon kill me, dawg
I'm tryin' to turn it around
Start this thing from the ground
And as long I know you gon be down
Looking at you day after day, I know I
Just gotta make it alright I just gotta make it
I just gotta make it
Just to see that smile upon your face I know I

Just gotta make it alright I just gotta make it
Everything I do I do for you and we
Just gotta make it alright just gotta make it
To the top of the world me and my girl we
Just gotta make it alright just gotta make it
Even if I gotta go and cop a thing
Get up early an go standing on the block, some how I
Just gotta make it, that's right just gotta make it, uh huh
Even if I have to sit wit the fellaz
At the round table and come up on a plot, some how I
Just gotta make it, baby girl I just gotta make it, uh huh
I'm telling you the truth on the daily
There's nothing I won't do for you baby
Having big dreams that we ridin' in the Bentley Continental
While me copping you a cute lil' Mercedes
And I know I got the block hot
But until I make happin' for you baby I will not stop
I will drape you with diamonds and furs
Visions of your hair blowin' in the wind from my drop top
Like a baller, like a true shot caller
The homie Trey Songz trippin'
All day long get me high too
Makin' that money for the family
Can I get up witcha? It's that nigga named Twista
Come and take a lil' cruise with a jeep
Threw the chi-town streets
'Cause you feelin' me up
On the inspiration whenever I'm
Looking at you day after day, I know I
Just gotta make it alright I just gotta make it
I just gotta make it
Just to see that smile upon your face I know I
Just gotta make it alright I just gotta make it
Everything I do I do for you and we
Just gotta make it alright just gotta make it
To the top of the world me and my girl we
Just gotta make it alright just gotta make it
Oh, yeah
It's Trey Songz and the homie Twista
Just gotta make it alright just gotta make it
And we gonna have to make y'all
Just gotta make
For my baby 'cause we are entrepreneurs
I know I
Just gotta make it alright just gotta make it

I know what I'm doing and it's not a shame
