

Spectrum (feat. Matthew Koma) [Extended Mix]

Zedd

Breathing you in when I want you out
Finding our truth in a hope of doubt
Lying inside our quiet dramaWearing your heart like a stolen dream
Opening skies with your broken keys
No one can blind us any longerWe'll run where lights won't chase us
Hide where love can save us
I will never let you goWe'll run where lights won't chase us
Hide where love can save us
I will never let you goBreathing you in when I want you out
Finding our truth in a hope of doubt
Lying inside our quiet dramaBreathing you in when I want you out
Finding our truth in a hope of doubt
Lying inside our quiet dramaWearing your heart like a stolen dream
Opening skies with your broken keys
No one can blind us any longerWe'll run where lights won't chase us
Hide where love can save us
I will never let you goWe'll run where lights won't chase us
Hide where love can save us
I will never let you goWe'll run where lights won't chase us
Hide where love can save us
I will never let you goBreathing you in when I want you out
Finding our truth in a hope of doubt
Lying inside our quiet drama
