Maybe Then

Somi

We argued yesterday
And my morning sun seems low
Clouds of silence
Clumsy conversations
Shifting eyes and pride
Leaning through my heart
Can I believe in you again (can I believe in you)
Can I believe in you again (can I believe in you)
Flowers yesterday
Apologies by candle light
Holding breath and tears
Craving a new song
Tonight I understanding dance against the tide
Iâ€™ve heard this tune before
Can I believe in you again (can I believe in you)
Can I believe in you again (can I believe in you)
My get up to me
Lover prove to me
You more than light and sound above the trees
You stronger than the glory of the sea
And maybe then we can go on
Maybe then we can go on
Lover
Can I believe in you again (can I believe in you)
Can I believe in you again (can I believe in you)
Can I believe in you (can I believe in you)
Can I believe in you again (can I believe in you)
Carry my heart as you own
Carry my heart as your own
Carry my heartâ€¦
