All To Myself

Tantric

I wanna be, I wanna be all to myself
I wanna be, I wanna be all to myself
I wanna be, I wanna be all to myself
I wanna be, I wanna be all to myselfWell take me, from this day
Save me, from the sun raySome day
Something's got to get on my nerves
I can't wait for the day
That I can let my concerns
Go of me, can't you see
It's how I feel in my mind
I can move, I can hear
I can see, why don't you feel meI wanna be, I wanna be all to myself
I wanna be, I wanna be all to myself
I wanna be, I wanna be all to myself
I wanna be, I wanna be all to myselfTake me, from this day
Save me, from the sun raySome day
Something's got to get on my nerves
I can't wait for the day
That I can let my concerns
Go of me can't you see
It's how I feel in my mind
I can move I can hear
I can see why don't you feel meI wanna be, I wanna be all to myself
I wanna be, I wanna be all to myself
I wanna be, I wanna be all to myself
I wanna be, I wanna be all to myselfOh some day
Something's got to get on my nerves
I can't wait for the day
That I can let my concerns
Go of me can't you see
It's how I feel in my mind
I can move I can hear
I can see why don't you feel meI wanna be, I wanna be all to myself
I wanna be, I wanna be all to myself
I wanna be, I wanna be all to myself
I wanna be, I wanna be all to myself
