

Glory Is Rising

Starfield

You're the wonder and the mystery
You're the melody that must be sung
We rejoice with all those who believe
You're the song that was and is to come

Glory is rising

Yeah, glory is rising

Beautiful

Beautiful, the sound

Of redemption's song

Moving through the crowd

Singing, great is our God

Your children crying out

Beautiful

Beautiful, the sound

From the Earth, our voices will ascend

As an offering to You alone

May our praises echo without end

Join the angel choir around the throne

Glory is rising

Yeah, glory is rising

Beautiful

Beautiful, the sound

Of redemption's song

Moving through the crowd

Singing, great is our God

Your children crying out

Beautiful

Beautiful, the sound

Beautiful

Beautiful, the sound

Of redemption's song

Moving through the crowd

Singing, great is our God

Your children crying out

Beautiful

Beautiful, the sound

Beautiful, the sound
