Blueberry Blue

The Lemon Pipers

Up in the sky thereâ€™s a castle I built just for you
Itâ€™s very special and only accepts what is true
In that world of lavender things
Youâ€™ll find baby blue angels playing musical strings

In loveâ€™s world of blueberry blue

Peppermint leaves on lollipop trees, just open your eyes.
Come take my hand lets go for a ride on blue butterflies
Iâ€™m so glad Iâ€™m in love with you
Stay with me and together we will share forever

Loveâ€™s world of blueberry blue

Look at the moon itâ€™s a big blue balloon, itâ€™s a blueberry night
Look at the sun itâ€™s a strawberry one

In loveâ€™s world of blueberry blue
Loveâ€™s world of blueberry blue
Loveâ€™s world of blueberry blue
(Repeat to fadeâ€¦)
