

Whatever Makes You Happy

Girls Under Glass

Whatever makes you happy
I'll do it for you
Whatever makes you happy
I am there for you I see the light in your eyes
Like stars so bright
They are the dawn in my life
I look at you and love this light Whenever I see you being sad
I wanna make you glad Whatever makes you happy
I will be there
I want to make you happy
Here and anywhere Whatever makes you happy
I'll do it for you
Whatever makes you happy
I am there for you Whatever makes you happy
I will be there
I want to make you happy
Here and anywhere Whatever makes you happy
I'll do it for you
Whatever makes you happy
I am there for you
