

# I Can't Lose (feat. Keyone Starr)

Mark Ronson

Oh yeah, alright  
Oh yeah, all night When I met you last night, baby  
And you let me roll the dice  
You said I'd be your lucky lady  
I hit those numbers all night I can't lose, I can't lose  
When I'm 'round you  
I can't lose, I can't lose  
Now I found you  
Oh yeah, alright I can turn your luck around, baby  
Ain't no hotter hand in town  
Come and stake your love on me  
Come lay it on the line  
I bet you never felt this way before  
I bet you never seen so much action on the floor  
Rollin' fever I'm on fire  
And tonight I'm goin' wild  
Oh baby, you got to be my ace in the hole I can't lose, I can't lose  
When I'm 'round you  
I can't lose, I can't lose  
Now I found you Oh yeah, alright  
Oh yeah, all night  
Oh yeah, alright  
Oh yeah, all night I can't lose, I can't lose  
When I'm 'round you  
I can't lose, I can't lose  
Now I found you Oh yeah, alright  
Oh yeah, all night  
Oh yeah, alright  
Oh yeah, all night
