

I Can't Lose (feat. Keyone Starr)

Mark Ronson

Oh yeah, alright
Oh yeah, all nightWhen I met you last night, baby
And you let me roll the dice
You said I'd be your lucky lady
I hit those numbers all nightI can't lose, I can't lose
When I'm 'round you
I can't lose, I can't lose
Now I found you
Oh yeah, alrightI can turn your luck around, baby
Ain't no hotter hand in town
Come and stake your love on me
Come lay it on the line
I bet you never felt this way before
I bet you never seen so much action on the floor
Rollin' fever I'm on fire
And tonight I'm goin' wild
Oh baby, you got to be my ace in the holeI can't lose, I can't lose
When I'm 'round you
I can't lose, I can't lose
Now I found youOh yeah, alright
Oh yeah, all night
Oh yeah, alright
Oh yeah, all night
Oh yeah, all nightI can't lose, I can't lose
When I'm 'round you
I can't lose, I can't lose
Now I found youOh yeah, alright
Oh yeah, all night
Oh yeah, alright
Oh yeah, all night
