

Druthers

John Denver

If I had my druthers I'd go fishin'
Find myself a lake and a lazy day
If I had my druthers I'd quit wishin'
Get off the old caboose, get on my way Give me whole lots of laughter
Great big barrels of fun
Nigh time full of romance
Daytime full of sun If I had my druthers I'd go flyin', ooh
Lookin' for the things I'd like to see, yeah
If I had my druthers I'd be tryin', tryin'
The only way to be what I can be Give me somebody to love me
Make me feel like the only one
Something that's worth doing Lord
I feel good when it's well done, yeah, yeah If I had my druthers I'd go sailin', yes I would
Catch me campin' out on the open sea
If I had my druthers I'd be singin'
Just how good this good life feels to me, feels so good You just need someone to talk to
Something you can share
You don't need no reason for livin' Lord
It's already there, yes it is, ooh, ooh, ooh yeah It makes me giggle
I can't sit down
I'm goin' fishin'
