

# 666 (is My Area Code)

## Midnight Reign

I want a girl with plastic titties and a cellophane heart to match  
So give me free drugs and a big lit up stage and the dirtiest  
Hollywood snatch...

I'm gonna be the filthiest, dirtiest, sleaziest, rock-n-roll whore...

Then I'm gonna kill myself with pills then I'm gonna take some more But don't look in the mirror... The thought  
of your death is what keeps me alive

And I won't rest until you die I'm gonna taste the blood of kings, gonna piss on your god's grave

Then I'm gonna rape your savior's whore just to see the wretched look on your face

666 is my area code yeah I live in hell

I'd rather be here where I can be free than in some prison cell...
