Jesus, when You coming back?
Jesus never coming back
Jesus won't take me back
Jesus never coming home Jesus seemed to steal my soul
He'll never let me go
Jesus gonna make me pay
Never should have run away I wanna go home Jesus, when You're going to come back?
Jesus, when You're going to come back?
Jesus, I dare You to come back
Jesus, when You're going to come back home? Never seems to climb inside
Walk in through my open eyes
Never shoulda ever shown
And he's all I've ever known Jesus, when You coming back
He's never coming back
You'll never take me back
We're never going home I wanna go home Jesus, when You're going to come back?
Jesus, when You're going to come back?
Jesus, I dare You to come back
Jesus, when You're going to come back home? Jesus, when You coming back
Jesus never coming back
Jesus won't take me back
Jesus never coming home Jesus seemed to steal my soul
He'll never let me go
Jesus gonna make me pay
Never should have run away I wanna go home Jesus, when You're going to come back?
Jesus, I dare You to come back
Jesus, I beg You to come back
Jesus, when You're going to come back home? I wouldn't come back if I'd have been Jesus
I'm the kinda guy who leaves the scene of the crime
