

# I've Been Watching You.

[Natalie Imbruglia](#)

When the rose slaps your face  
Says your pain is a state of grace  
(I think that's right)  
Mirror cracks, image bleeds  
He'll touch your desires but not your needs  
I stand at an open window  
I see everything there is to see  
I-I-I've been watching you  
Isn't it true the fool keeps taking you down  
Down, taking you  
I-I-I've been watching you  
Isn't it true the world keeps taking you down  
Down, taking you  
Party ends on the floor  
Hear a voice behind the door  
In the dark you play his games  
Forget yourself, forget your name  
I stand at an open window  
I see everything there is to see  
I-I-I've been watching you  
Isn't it true the fool keeps taking you down  
Down, taking you  
I-I-I've been watching you  
Isn't it true the world keeps taking you down  
Down, taking you  
So there you are, all dressed in black  
Walk away and don't look back  
But if you must then cast a stone  
The light is on but there's nothing and no one home  
(I think)  
'Cos I've been watching you  
Isn't it true the fool keeps taking you down  
Down, taking you  
I-I-I've been watching you  
Isn't it true the world keeps taking you down  
Down, taking you  
I said, I, I've been watching you  
Isn't it true the fool keeps taking you down  
Down, taking you

I-I-I've been watching you  
Isn't true the world keeps taking you down  
Down, taking you down
