Lady

Crossfire

Intro:
Ready when you're ready now
Take it little higher now
Time to cross the fire now
Ready, ready, ready oh!

Ready when you're ready now
Take it little higher now
Time to cross the fire now

All my ladies in the front, just, make your body work
All my ladies in the back, just, make your body work
All my ladies from the left, just, make your body work
All my ladies from the right, make, make your body work, ooh

The way you swing your thing left right and centre,
You draw me into you, please let me enter,
Cause now I really wanna get inside of you, ooh of you,
Ohh, and if I get there, yes I really push it in,
And I wont stop until you drop when I begin,
Send it in, send it out and send it through,
Send it through, send it through.

So Lady, you know I cant erase you from my mind,
You drive me crazy when I see your body wind,
Like, you stand you smile, your wasting your design, oohoo,
So baby, you know I have to make your body mine,
You drive me crazy when I see your body wind,
Wanna bump it wanna bump it wanna grind, ohoo
So lady, lady

Yes baby keep it bump or rollin,
I like the way you swing and you strollin,
Cause you drive me out the controllin,
Drop my soon, now swaak and roll in,
Yes baby keep my vision tipsy,
Go ahead keep doin it nasty,
I like the way you flex it, roughin, chippin act, se-sexy.

Ohh, and if I get there, yes I really push it in,

And I wont stop until you drop when I begin,
Send it in, send it out and send it through,
Send it through send it through.

Lady, you know I cant erase you from my mind,
You drive me crazy when I see your body wind,
Like, you stand you smile, your wasting your design, oohoo,
So baby, you know I have to make your body mine,
You drive me crazy when I see your body wind,
Wanna bump it wanna bump it wanna grind, ohoo.

Ladies if you got it, show it off and don't hide it,
Mummies if you stash it, work it out, come on flash it,
Wiggle it and jiggle it and work it work it out,
Spinnin yeap keep rollin and lets turn this party out.

Lady, you know I cant erase you from my mind,
You drive me crazy when I see your body wind,
Like, you stand you smile, your wasting your design, oohoo,
So baby, you know i have to make your body mine,
You drive me crazy when i see your body wind,
Wanna bump it wanna bump it wanna grind, ohoo.

Ready when your ready now, take it little higher now,
Time to cross the fire now, Ready ready ready OOHH,
Ready when your ready now, take it little higher now,
Time to cross the fire now, ready when youre ready,
Lady!
