

# Apocalypse

## Jean B. Gerbier

### Apocalypse

There are changes taking places around the world.  
Solemn events, that are Bible prophecies.  
The great controversy reveals, that the world is a  
theater of conflict. The actors you and me are  
preparing to act our part in the last great drama.

### Chorus

Apocalypse, earthquakes of great magnitude.  
Apocalypse, tornado of unbearable velocity.  
Apocalypse, wars and mass murders that grieves the heart  
Apocalypse, Lord we need your divine intervention.

Hurricanes, earthquakes and wars are sorrowful events,  
that causes destruction by fire and flood, often with  
great loss of life and property. Lord I am kneeling down  
begging you to stretch out your Holy Hands, to restore  
order in the world and make us live under your Holy  
covenant.
