

# Body and Blood

## Elysian Blaze

Discipline is the blood of life  
Strength an only friend  
No time for sorry  
It's just time to move on  
I'm the last man  
Castration  
Furstration  
You don't mean a fuck to me  
Stronger by the hour  
What we had is soured  
Your thoughts ain't shit to me  
Intimidation  
Domination come the taste  
The hate I bleed  
I am the new found power  
The drug you bow to  
Your weakness is all you need  
Anti-life for the weak  
No sympathy for the downtrodden  
Will rise above my falls  
And crush the doubters one and all [x2]  
Embrace the fear until the end  
Never tinkering about the future  
Never considering the end  
Your strength is all you need
