

# As Far As I Can See

## Phantogram

As far as I can see  
nobody loves me  
as far as I can tell  
nobody loves you either  
and we're all going down  
all down the staircase  
and we're all going down  
all down the staircase aboardas far as I can see  
nobody's listening  
as far as I can tell  
nobody's listening to me  
and when I'm crying out  
out for an answer  
and when I'm crying out  
nobody cries back for me
