

Latke Clan (Acoustic Version)

The Lee Vees

Hanukkah, I know it's gonna be all right
Everyone's together tonight
Feeling good, it's Hanukkah Two candles lit
The holiday's just begun
We're in for lots of fun
The time has come, it's Chanukah The sun is setting
Get home as fast as you can
We'll put the oil into the pan
So come and join our Latke Clan
Cause we are latke fans
It's true
Your uncle's here
Flew in from out of town
It's nice to have him around
Even though he's weird
It's Chanukah Santa's cool
But Hanukkah Harry's the man
So come and join our latke clan
We'll save you a plate
It's Hanukkah The sun is setting
Get home as fast as you can
We'll put the oil into the pan
So come and join our latke clan
Sun is setting, get home as fast as you can
We'll put the oil into the pan
So come and join our latke clan
Cause we are latke fans Your weird uncle is doing the can-can
Hanukkah Harry, he's the man
Everyone's here, it's Hanukkah
