

# Room 19

## No Use for a Name

Its been so long since youve been here  
And Im dying, is there something you would like to say?  
Just drop the present on the shelf by the flowers  
And make the feeling go away  
Looking back I cant recall who was listening  
When I used to walk the streets at night  
Like a bird that used to sing, I was flying  
I was happy all the time and its hard to look back  
Better days and diffrent ways i cant explain  
another song to sing it all was simplified  
Dont know now whats it's about,  
What have i learned to live without?  
It takes a day to live a lifeI cant believe the way the world is  
So diffrent  
Look what the lines in my face have made  
Living in my bed im right next to the road  
The one that goes the other way, takes me to a diffrent place  
Did you know that i was just as young as you  
I had a job, a home, a family, and a car  
Did you say that yesterday or just right now?  
You'll never know the feeling of my bleeding heart
