

Summertime

[Diana Ross](#)

Summertime when will you come
I wanna put my light things on
I wanna put my winter life away
Summertime I need a sunny day I want those peaches on the table
I want the watermelon red
And the warm sun creeping through the window
To ease me out of bed I want the sand out there to lie on
And the sea out there to swim
So my heart can take a holiday
From breakin' over him Summertime when will you come
I wanna put my light things on
I wanna put my winter life away
Summertime I need a sunny day And I want to drive forever
Wanna roll the windows down
Get the breeze back on my body
Get my feet back on the ground I want the sand out there to lie on
And the sea out there to swim
So my heart can take a holiday
From breakin' over him Summertime when will you come
I wanna put my light things on
I wanna put my winter life away
Summertime I need a sunny day
