Destination: Ursa Major

Superdrag

I'm so sensitive to light
I may never get it right
All the bloody stupid miracles and lies
Guess it's up to you to have it exercisedWhat did I do? Nothin' is true
Whatever is over now
Sober is over nowI may never get away
I'm rejecting yesterday
Only hoping my trajectory is high
Now there will be no more pissing you goodbyeWhat did I do? Nothin' is true
Whatever is over now
Sober is over nowDestination Ursa Major
Destination Ursa Major
Destination Ursa MajorIt could be that, I can never get away
That's the reason, I am blowing you away
Blowing you away
