

Golden Age Of My Negative Ways

Less Than Jake

Sit back and watch the train wreck, watch me jump off the deep end
I won't lie, my mistakes take up every minute of my life
It's been the down fall of me, that misery just lowers my company
And this voice is scared to say that I don't really mind.
Cause it's the golden age of my negative ways
I wouldn't want it any other way today.

I'm just a codependent, unemployed and unimportant
I won't lie, my missteps confuse everyone in my life
I don't have an answer, of why I'm always going backward
And this voice is scared to say I don't really mind
cause it's the golden age of my negative ways
and I wouldn't have it any other way today.
I always walk the line between lows and highest heights and I don't mind
