

Get Around

Young Breed

Whoa, mhmm

Whoa, mhmm

Whoa, whoa, whoa, yeah

Whoa, whoa, whoa, whoa

Baby girl, I truly adore you

Before we go further

I just thought I should tell you

I've never been known to be totally faithful

To be brutally honest

I don't know if I'm able

It's best that I give you the real

And you can decide how you feel, (break it down)

A woman deserves to know the truth (hey)

I get around, (you know what I'm sayin')

I get around.

You're such a sweet thang

I wouldn't wanna hurt you

If I could change my ways, I would change 'em for you

I can't make no promises except that I'll try

To make sure that my actions reflect what I feel inside

I thought this would just be a phase

That things would get better with age

(And they have) not in the way that you need them to.

I get around

I get around,

I get around, (oh I)

I get around (yeah)

Ooh ooh yeah

Really kinda' like you girl,

Your the apple of my eye

Can I get to know you soon,

As I seen you walking by

Brotha gotta tell you this

before we go any further

Baby who you're dealing with, dealing with a player

Baby girl you know I get around
Shawty you know I get around,
I get around
I get around.
