Wake The Dead

The Used

Yeah, this is not natural
(Yeah, this is not natural)
A bunch of holes
Where the dead used to be underground
Forget supernatural
(Forget supernatural)
'Cause all those resting in peace
Are out and walking the streets
Yeah, with no heartbeat
Across the sky, they can hear you on the other side
A scream that's loud enough to wake the dead
And all alone you bought tickets for the nightmare
As you wake the dead, wake the dead
Oh, this is not possible
(Yeah, this is not possible)
An empty hole in your chest
Where your heart used to beat
Does this mean what I think it means?
(Does it mean what i think it means?)
How could both you and me
Be about as dead as we could be?
Yeah, with no heartbeat
Across the sky they can hear you on the other side
A scream that's loud enough to wake the dead
(Wake the dead)
And all alone you bought tickets for the nightmare
As you wake the dead, wake the dead
Take a walk with me
(Walk with the dead)
'Cause you know that we have to die sometime, yeah
Well, darling, tonight could be
(Darling tonight could be)
Let your voice shred miles of diamond skies
Just to walk as they wake in the darkness, yeah
Well, darling, tonight could be a beautiful night to die
A beautiful night to die, yeah
Wake the dead, fuck it, you're dead
Wake the dead, fuck it, yeah
Wake the dead, wake the dead

Across the sky they can hear you
A scream that's loud enough to wake the dead
And all alone you bought tickets for the nightmare
As you wake the dead, come on, wake the dead
Across the sky they can hear you on the other side
A scream that's loud enough to wake the dead
(Wake the dead)
And all alone you bought tickets for the nightmare
As you wake the dead, wake the dead
Wake the dead
Wake the dead
Wake the dead
Wake the dead
