[illegible]

Your booty must be dead
If you don't make your booty move
Your booty must be deadIf you don't make your booty move
Your booty must be dead
If you don't make your booty move
Your booty must be deadIf you don't make your booty move
Your booty must be dead
If you don't make your booty move
Your booty must be deadIf you don't make your booty move
Your booty move, your booty move
Your booty move, your booty move
Your booty move, your booty move
