

Take It out on Me

White Lies

[Verse 1]

So tall, erase those worried eyes
Lay your trouble out beside me and sit
And so I'll sympathise
Leave it feeding there inside me[Pre-Chorus]

Oh take it out on me

[Chorus]

I'm in love with the feeling
Oh take it out on me
Maybe hooked on the healing
Oh take it out on me
I'm in love with the feeling of
Being used[Verse 2]

Dig deep where you're afraid to go
Pick the stitches and unbind me [?]

That pain I need to know

Every cut you feel defines me[Pre-Chorus]

Oh take it out on me[Chorus]

I'm in love with the feeling
Oh take it out on me
Maybe hooked on the healing
Oh take it out on me
I'm in love with the feeling of
Being used[Bridge]

Tell me, tell me

Tell me what is going wrong

Help me, help me

Now the nights are getting long

Tell me, tell me

Tell me what is going wrong

Help me, help me

Now the nights are getting longOh take it out on me

Tell me what is going wrong

Oh take it out on me

Now the nights are getting long

Oh take it out on me

Tell me what is going wrong

Oh take it out on me

Now the nights are getting long[Outro]

Take it out on me
I'm in love with the feeling
Oh take it out on me
Maybe hooked on the healing
Oh take it out on me
So in love with this feeling
Oh take it out on me
Maybe hooked on the healing
