## New Navy

Lovers often preach about the things  
That they should keep in their head  
We had not enough of other people  
So we move into the water instead.

Now in the middle of the sea, on the boarders

    We're watching the Earth  
    Is moving slow in a circle like canon  
    Buckle[Chorus]  
        I throw you into the water  
        To see if you can't swim to shore  
        I throw you into the water

Oh, hold on I see if you can't swim no more!Lovers often preach about the things

    That they should keep in their head  
    We had not enough of other people  
    So we move into the water instead.

Now in the middle of the sea, on the boarders

    We're watching the Earth  
    Is moving slow in a circle like canon  
    BuckleDistance between us grows, oh  
        Distance between us grows, oh  
        Distance between us grows, oh  
        Distance between us grows, oh, oh  
        Distance between us grows, oh
