

Thank You Mom & Dad

[Jerry D](#)

Thank You Mom & Dad

Sometimes we take for granted, the love that we receive.
From a father or a mother or from our family.
But giving and receiving the love. Is the way it's supposed to be.
And I thank you Mom & Dad for the love you've given me.
Yes, I'm grateful for the day, that your lives included me.

Thank you Mom & Dad for the life you've given me.
You taught me right from wrong and where to spend eternity.
You said son don't forget to pray, before you go to sleep.
I didn't realize how important that would be.
But I thank you Mom & Dad for the love you've given me.
Yes, I'm grateful for the day, that your lives included me.

Now I've learned to appreciate the things you've done for me.
When times were good and bad, happy or sad. You were there for me.
Your prayers will always follow me wherever I might be.
And I thank you Mom & Dad for the love you've given me.
Yes, I'm grateful for the day, that your lives included me.

Thank you Mom & Dad for the life you've given me.
You taught me right from wrong and where to spend eternity.
You said son don't forget to pray, before you go to sleep.
I didn't realize how important that would be.
But I thank you Mom & Dad for the love you've given me.
Yes, I'm grateful for the day, that your lives included me.

Thank you Mom & Dad, for the love you've given me.
