

I Like the Sunrise

[Amel Larrieux](#)

I like the sunrise 'cos it brings a new day
I like the new day, it brings new hope they say
I like the sunrise blazing in the new sky
Night time's so weary and oh, so am I
Every evening I wish upon a star
That my brand new tomorrow isn't very far

When that heavy blue curtain of night
Is high in the sky way out of sight
I like the sunrise, so heavenly to see
I like the sunrise, and I hope it likes poor me
