

She

We the Kings

She
When she cries
Can the whole world feel the rain

When
We collide
Hell and heaven come to play

She
Is the first and last for me
She
Is the everything between

She is the darkness
She is the daylight
She is the calm
She is the storm

She is the moment
The endless and only
She is my all
She is the one

She is

She
When she falls
I will kiss her till she's clean

She
When she breathes
It's a gift she gives to me

Cause she
Is the first and last for me
She
Is the everything between

She is the darkness
She is the daylight

She is the calm
She is the storm

She is the moment
The endless and only
She is my all
She is the one

Woah oh
Woah oh
Woah oh
Woah woah

Woah oh
Woah oh
Woah oh
Woah woah

She is

She
When she cries
Can the whole world feel the rain

She is the darkness
She is the daylight
She is the calm
She is the storm

She is the moment
The endless and only
She is my all
She is the one

Woah oh
Woah oh
Woah oh
Woah woah

Woah oh
Woah oh
Woah oh
Woah woah

She is
