

# Dies Irae

Garry Schyman

Creed of eternal life I sore  
Held my candle of light into the void  
Risen from the dead I death's powers wed  
In the name of the one with horns on head  
Sleep of eternity withdrawn as dark upon  
The life of mine drew the very end so near  
The price another life the gospel of the  
Horned one to spread shore to shore  
Eternally his words let hear  
Be silent listen to the wind crying out the  
Answer to all mankind call from other  
Side speach of horned divine  
To end your search in hope to find  
As sure night divides the day and as sure day divides the night  
Raging flames is all that awaits us all on the other side  
Doomed the very moment he calls  
See his star ablaze his children  
On the night the flames reach for the sky  
Night is comed to enter the never ending burning fire  
Onto you all his word is given  
Fear not reach to take his hand  
Hear our master calling us his children  
Eternal life is given death withdrawn  
As wolves among sheep we have wandered  
Victory lies beyond their spite and scorn  
Even the heavens shall burn when we are gathered  
Now when the flames reach for the sky  
Dies Irae
