

# End of the Line

## DevilDriver

I Do declare, there's something in the air  
Im burning the candle at both ends  
Bitter betrayals, skeleton keys  
Houses to haunt, well its alright by me  
rags to ruin, some foolhardy choices  
some would say not a ghost of a chance,  
the ghosts in my mind, theyre one of a kind,  
they tell me what to do, and its shut down you. Some things are best just left unsaid  
End of the line, End of the line  
one door closes, another door closes,  
and now your boxed in.  
End of the line, End of the Line  
Feel eyes in the trees, the foreboding path,  
the turn of the head, i hear it laugh,  
it says "hang em now", it says "hang em high"  
when you are done, then hail to the sky  
Ive been taught to get the fuck up  
to dust myself off, and to go it again  
The ghosts in my mind, they're one of a kind  
they tell me what to do, and its shut down you  
Some things are best just left unsaid  
End of the line, end of the line  
one door closes, another door closes,  
and now your boxed in, end of the line, end of the line  
SHIT  
Bitter betrayals, the foreboding path,  
ive come to shut you down, rags to ruin  
some foolhardy choices, some would say, not  
a ghost of a chance, the ghosts in my mind, they're one of a kind  
they tell me what to do, and its shut down you  
Some things are best just left unsaid  
End of the line, End of the line,  
one door closes another door closes  
and now your boxed in  
End of the line, End of the line.
