

# Sister Rose

## Beachwood Sparks

Free that girl  
The one that glows she knows  
She rules the world, free that girl  
The one that glows she knows  
She rules the worldShe said call me sister rose  
I'm at war with all these posers and these frauds  
I want 'em out, let freedom reign  
Let hope stand firm on fields of doubt  
Then she led me by the hand  
And took me to the promised landFree that girl  
The one that glows she knows  
She rules the worldShe said I'm just like a rose  
I'm beautiful and I can hurt you with my thorns  
Don't squeeze too tight  
'Cause I can blow up in ya face like dynamiteShe said call me sister rose  
I'm at war with all these posers, and these frauds  
I want 'em out, let freedom reign  
Let hope stand firm on fields of doubt  
Then she said take me by the hand  
As I can lead you to the promised landShe said I'm just like a rose  
I'm beautiful and I can hurt you with my thorns  
Don't squeeze too tight  
'Cause I can blow up in ya face like dynamite
