

Eye Of The Storm

Liege Lord

A tailored suit of terror
Rains from the sky
Made of us all
Thousands will die Burning, surrounding, nowhere to hide
But they're looking for those
Who can't see the light, yeah A vast cry of outrage
Raises its head
A little too late
Thousands are dead Burning, surrounding, nowhere to hide
But they're looking for those
Who can't see the light, yeah [Chorus:]
(In the eye) of the storm If we don't act now, then actors we'll be
Playing the part of life's insanity [Repeat chorus] Burning, surrounding, nowhere to hide
But they're looking for those
Who can't see the light, again, & again & again You better not ever,
Get caught dead lying in the
Eye of the storm
