

Wild Weekend

Luke Bryan

We've been gettin' beat up by this ol' life
Seems all we got left is Friday and Saturday night
And sometimes Sunday if Monday is a holiday
I got a bunch of buddies I ain't seen in a while
I got some good time fun and hot dog buns in a stockpile
With some home brew, Malibu, and Miller Lite
Girl, put on that short little party dress
And make me a little bit jealous
Gonna be a wild weekend
Been on the phone with all my friends
There's a little spot in the river bend
Where the sun sits high
Along as the keg don't float and the ice don't melt
We'll loosen up a notch on the Bible Belt
Girl you can bet we'll fall in love again and again and again
It's gonna be a wild, wild, wild weekend
It's Friday afternoon and the countdown's on
Cell phone's singin' that All My Rowdy Friends Are Comin' Over Tonight
Bad to the Bone ring tone
Come on, come on, come on, baby let's get gone
It's bumper to bumper in the outbound
And we're already gettin' down
It's gonna be a wild weekend
I been on the phone with all my friends

There's a little spot in the river bend
Where the sun sits high
Along as the keg don't float and the ice don't melt
We'll loosen up a notch on the Bible Belt
Girl you can bet we'll fall in love again and again and again
It's gonna be a wild, wild, wild weekend
Aw, put on that short little party dress
Make me a little bit jealous
Get me thinkin' "Goodness!"
It's gonna be a wild weekend
Been on the phone with all my friends
There's a little spot in the river bend
Where the sun sits high
Along as the keg don't float and the ice don't melt

We'll loosen up a notch on the Bible Belt
Girl you can bet we'll fall in love again and again and again
It's gonna be a wild, wild, wild weekend
It's gonna be a wild, wild, wild weekend
We been needin' this for a long, long time
Ooh my baby sure is lookin' fine
What's up man? How ya'll been?
Throw me a ski rope
