

# Dreams

## Vashawn Mitchell

One day when I?m older  
Yeah when I grow up  
[Ey yall]Just a young buck growing up living fast  
18 years old know it all on the gas  
Big dreams of being a superstar  
Having nice things and  
A pocket full of cash  
Basketball, baseball, rapper, an actor whatever  
Whatevers gunna make my life better if it last  
Big house, nice cars, nice brawl  
You know every kids dream as so it seems  
I mean come on now people all around doing big things  
Best friends getting rich  
Neighbors turn athletes, clothing companies, million dollar factories  
Actually everybody say it with me  
If you really want to be you could be what you wanna be  
That?s the life if it just gets tight  
Work hard and you could be a role model  
Let?s do it  
[Chorus]One day when I?m older  
[Imma buy a thousand houses and drive a thousand cars]Yeah when I grow up  
[Imma play point guard for the NBA]One day when I?m older  
[Imma fly a airplane and go around the world]Yeah when I grow up  
Yeah you?ll see every kid has a dream  
When I was just a young buck in the single digits  
I had too many thoughts on life and how to live it  
So many dreams and different things I wanted to be  
But that?s what you?ll be young and freedom of dream  
I remember I wanted to be a fireman  
So I can help people out around the sirens  
Next day played football between streets knots  
Next day wake up imam be your next doc  
Cram through the air and hold up the dirt  
Keeping up playing if it didn?t even hurt  
Riding home with my knee and elbow making blood  
Know I wanna see moms imam get a lot of love  
Never ever know what?s up in national news  
Only thing you worry about is the school lunch menus

Eating all the places and being captain of the team

First ten years of life is a beautiful thing

[Chorus]

One day when I'm older

[Imma be a superstar so I can make a lot of money]Yeah when I grow up

[Imma player 3d base for the California Angles]One day when I'm older

[Imma sail around the world and do my own thing]Yeah when I grow up

You?ll see every kid has a dream

You see me making moves, and 1, and 2

3, 4?s never no time to sleep

Ricky and mommy living the dream caught now

(Kingspade)

That?s what its gunna be

I never know nothin? else and

I never finished school but

I'm smarter then the average bigs and that?s boo boo

Dreams do come true

A living proof cuz I'm making money

Doing what I love to do

Dreams come true

Yeah dreams come true

Yeah you?ll see every kid has a dream

I said dreams come true

Dreams come true

Yeah you?ll see every kid has a dream

[Chorus]One day when I'm older

[Imma buy a thousand houses and drive a thousand cars]Yeah when I grow up

[Imma play point guard for the NBA]One day when I'm older

[Imma fly a airplane and go around the world]Yeah when I grow up

Yeah you?ll see every kid has a dream

One day when I'm older

[Imma be a superstar so I can make a lot of money]Yeah when I grow up

[Imma player 3d base for the California Angles]One day when I'm older

[Imma sail around the world and do my own thing]Yeah when I grow up

Yeah you?ll see every kid has a dream
