Miami

Wild is the wind
That strips away our sins
Yours is the night but you
You don't know where to begin
But I heard you say you've got a feeling
That it's just around the bend
I heard you say sometimes you fall
Into the arms of no one at all
I mean to say that
That that's alright
I did what I could
Oh, sometimes I run and
Yeah, sometimes I fall
But if it's L O V E, I'll, I'll see you later
L O V E, I'll, I'll see you later
Yours is the fire
That gets in my head
Mine is desire, so let it
Well, let it burn down your bed
'Cause I have heard about those stories
Yeah, I guess everyone has
I heard them say sometimes you fall
Just on your own with no one at all
I mean to say that
That's alright
I did what I could
Oh, sometimes I run and
Yeah, sometimes I fall
But if it's L O V E, I'll, I'll see you later

L O V E, I'll, I'll see you later
Oh, you know, sometimes I run
Yeah, sometimes I fall
But if it's L O V E, I'll, I'll see you later
L O V E, I'll, I'll see you later
L O V E
L O V E
L O V E
L O V E

Yes, I'll see you later
I'll see you sometime
I'll see you there
I'll see you there
And you know you
And you know you
Can't touch love with a [incomprehensible]
Can't touch love with a [incomprehensible]
L O V E
L O V E
[incomprehensible]I'll see you later
I'll see you sometime
Sometime
Sometimes I run
Sometimes I fall
Sometimes I cry
Sometimes I hide
