

# Mad Hatter

## Lynyrd Skynyrd

We just landed, we just touched down  
It just hit home, yeah, that a good man's is gone  
Hey, cat in the hat, we're all gonna miss you  
And all your practical jokes, yeah, and taking three steps with you  
We never say goodbye, we always say so long  
You had nine lives, I can't believe they're all gone  
Mad hatter's movin' on, yeah, he's movin' on  
Yeah, we'll see you again, one way or another  
And now that you're there, yeah, say hello to our brothers  
Oh, we never say goodbye, we always say so long  
Yeah, you had nine lives, I can't believe they're all gone  
Mad hatter's movin' on, the cat in the hat is gone  
Travelin' man, his spirit's never gone  
It lives on and on and on and on  
Mad hatter  
So tonight we'll pay tribute and light up a match  
And tell all your brothers and sisters about the cat in the hat  
Oh, he had nine lives, I can't believe they're all gone  
I know the mad hatter, he's not alone  
Mad hatter's movin' on, oh, he's gone  
Travelin' on, travel on  
The mad hatter's movin' on, see you later
