If I Had It My Way

Emma Roberts

Oh Yeah! oh oh...
I look around and see the possibilities
You know its fun to be me
Never fit the crowd Nothing gets me down Never scared to dream
If something can be done I'm gonna prove them wrong
Make everybody believe
If I had the chance I would change it all
That's what I'm ready to see[Chorus:]
If I had it my way I would make new rules that sounds cool
People say I'm crazy they don't understand who I am
If I had it my way I would change the world just one girl
If I... If I... If I had it my wayI've got a buzz in me that know one ever sees
In the attitude YEAH!
I'm gonna find a way no matter what they say
I do what I gotta do
'cause when I see something that can be done that only makes me strong
It happens every time
'cause I can take a situation totally wrong and make it turn out right[Chorus]Na Na Na Na
I can do anything
Na Na Na Na
So watch me[Chorus 2x]
