Kron

[Intro:]

Aye. 2k. Gone run that shit baby
Let's get it now. Let's get it now. Let's get it now
You know what I want girl
Let's get it now. Let's get it now. Let's get it now
Let's get it now! [Verse 1:]
Girl you got a nigga going through it now
I ain't seen that ass in a minute babe
So... pull up on me; keep me company
You know what to say to drive a nigga crazy
A lot of these niggas can't see you a keeper
A lot of these niggas don't know how to treat ya
But I swear that my loving girl? It goes on and on
I'm tired of talking on this phone. So

[Hook:]

Pull up, pull up
You know what we gone do
Pull up, pull up
Baby girl you the move
Pull up, pull up
Said I just wanna be with you
Pull up, pull up
You know I wanna see you girl
So pull up, pull up
You know what we gone do
Pull up, pull up
Baby girl you the move
Pull up, pull up
Said I just wanna be with you
Pull up, pull up
You know I wanna see you girl

So pull up [Verse 2:]

We gone roll up a Jay
Take that shit to the face
Til' we end up on cloud 9
I can't even fake
I need you in my space
I ain't talking 'bout online

Remember when niggas used to catch the train to see you on the orange line?

Now it's either you pull up or I pull up
I just want ya body to be on mine
Girl you know I can't trust these hoes
One day I love them then I don't
But I swear that yo loving girl? It goes on and on
I'm tired of talking on this phone. So[Hook:]

Pull up, pull up
You know what we gone do
Pull up, pull up
Baby girl you the move
Pull up, pull up

Pull up, pull up
You know I wanna see you girl
So pull up, pull up

Left leg to the west side. Right leg to the east side

Girl I just want you to pull up[Hook:]

Pull up on me babe. Pull up on me baby. Pull up on me babe
Hol up. Won't you pull up
Time with you?
Is long over due
So I think it's time that you pull up
We can do what we want to do
So I think it's time that you pull up
Hop out of that Audi babe, put the roof on and get in here
Have a seat on that couch babe, take the top off, and give that here. For real
Tell me what you know about patience
Young nigga. I done started from the basement
You like the doctor. I be feeling like the patient
You like prescription, I take you and then I'm faded
Hol up
And this grind will never slow up
I swear you the realest one around that is no bluff
Yeah, baby that is no bluff
Stop fucking around. Baby pull up
