

# Huckleberry Crumble

## Stone Temple Pilots

Less conversation  
Moral obligation  
Tell me how you're feelin' tonight  
(Right)  
Mind's over-racin'  
Fear, she got me shakin'  
Motor, she's changin' your mind  
(Mind, mind, mind)  
I see what's at the endin' of the rat trap  
Lady jabberwockies eatin' bed bugs  
The rabbit dug a whole straight through to China  
So where do we go and where is the rabbits hole?  
I'm feelin' like I'm pullin' away, hey  
I'm feelin' like I'm pullin' away, hey  
I'm feelin' like I'm pullin' away, hey  
I'm feelin' like I'm sinkin' in, I'm movin' in  
I'm feelin' like I'm pullin' away  
Old top titles  
A hustle and a cousin  
Is sleazy like a passionate ride  
(Ride)  
Motor city's movin'  
His pancreas is groovin'  
He's a number 1 percent-er tonight  
(Right on, right on, right on, right on)  
I see what's at the endin' of the rat trap  
Lady jabberwockies eatin' bed bugs  
The rabbit dug a whole straight through to China  
So where do we go and where is the rabbits hole?  
I'm feelin' like I'm pullin' away, hey  
I'm feelin' like I'm pullin' away, hey  
I'm feelin' like I'm pullin' away, hey  
I'm feelin' like I'm sinkin' in  
Don't let the grip on this subside  
Chips will only grow one shoulder at a time  
Lessons over lessons of our lives  
And forget about the troubles for a time  
Time, time, time  
I'm feelin' like I'm pullin' away, hey

I'm feelin' like I'm pullin' away, hey  
I'm feelin' like I'm pullin' away, hey  
I'm feelin' like I'm sinkin' in, I'm movin' in  
I'm feelin' like I'm pullin' away  
I see what's at the endin' of the rat trap
