

I'm So Over You (feat. Shanell aka SNL)

Lil' Wayne

Turn it up

Turn it up

Turn it up

Just turn it up

Don't turn it up

Just turn it up No regrets at all, I'm high and I hope you can catch the fall

Welcome to my lecture hall, you can't shake my infection off

Take me to your leader and, I promise I will be the man

Swim until I see the sand, then die as soon as I reach the land

The water's over our hands, what happened to our plans

Swim until I see the sand, then die as soon as I reach the land! This is my resurrection,

So f*** your resolution

I don't need no protection,

I don't need your confusion

Don't know what to believe

Don't know what to believe

Don't know what to believe

Don't care what you believe

Cause I'm so over you, yeah I'm so over you

Yeah I fly over you, cause I'm so over you Hey

I did everything by the book, book, book, book

Scribblin' all over all of the notes that I took, took, took

Find that you're no better than a crook

Setting us all up to fall like the twins, you, struck

Show them a picture of my I.D.

Better enough to prove that it's me

Look in the mirror,

Now who should I believe This is my resurrection,

So f*** your resolution

I don't need no protection,

I don't need your confusion

Don't know what to believe

Don't know what to believe

Don't know what to believe

Don't care what you believe

Cause I'm so over you, yeah I'm so over you

Yeah I fly over you, cause I'm so over you Lil Wayne

Ha!

Don't know what to believe (huh)

Don't know what to believe (yeah)
Don't know what to believe (huh)
Don't care what you believe (yeah)
Don't know what to believe (huh)
Don't know what to believe (yeah)
Don't know what to believe (huh)
Yeah!
