

In a Second

Yachts

Don't know where you are
Wish I just could be near you
I would sail oceans
To get a glimpse of how you feel You're all the things I'm looking for
Everything and so much more What I think, you are just perfect
Could it be that I am worth it?
Is this thing an open door?
Walk right through to something more
You and me
My life would change in a second, in a second Don't know how you feel
You seem to keep it to yourself
Would you climb mountains
To show me this is something real? You're all the things I'm looking for
Everything and so much more What I think, you are just perfect
Could it be that I am worth it?
Is this thing an open door?
Walk right through to something more
You and me
My life would change in a second, in a second Could it be? Could it be?
You and me, you and me
Do I see? Do I see clearly? What I think, you are just perfect
Could it be that I am worth it?
Is this thing an open door?
Walk right through to something more What I think, you are just perfect
Could it be that I am worth it?
Is this thing an open door?
Walk right through to something more
You and me
My life would change in a second, in a second
