Cadillac Ranch

Chris LeDoux

Well, the well went dry and the cow did too
Daddy didnt know what to do
The banker came by the house one day
He said hes gonna take the farm awayThen mama came up with a plan
My brother and me started up a band
My sister put a sign on the roof
And daddy bought a case of 90 proofNow we call it the Cadillac Ranch
They're parking cars in the old bean patch
Theres a bar in the barn and the place stays packed
Till the cows come home at Cadillac RanchWell, we gave all the cows away
Now the only horns around here today
Are the ones up on the grill
Of a genuine 59 Coupe DevilleNow we call it the Cadillac Ranch
Theyre parking cars in the old bean patch
Theres a bar in the barn and the place stays packed
Till the cows come home, till the cows come home
Till the cows come home at Cadillac RanchNow the only thing that we raise is Cain
You dont need the sun or rain
Just neon lights saying some ice cold beer
Keeps everything green around hereMama takes the cash at the door
My brother and me keep them out on the floor
My sister sets them up at the bar
And daddy kicks back with a big cigarNow we call it the Cadillac Ranch
They're parking cars in the old bean patch
Theres a bar in the barn and the place stays packed
Till the cows come home at Cadillac RanchWell, we gave all the cows away
Now the only horns around here today
Are the ones up on the grill
Of a genuine 59 Coupe DevilleNow we call it the Cadillac Ranch
Theyre parking cars in the old bean patch
Theres a bar in the barn and the place stays packed
Till the cows come home, till the comes home
Till the cows come home at Cadillac RanchNow we call it the Cadillac Ranch
Theyre parking cars in the old bean patch
Theres a bar in the barn and the place stays packed
Till the cows come home, till the comes home
Till the cows come home at Cadillac RanchNow we call it the Cadillac Ranch
They're parking cars in the old bean patch
Theres a bar in the barn and the place stays packed

Till the cows come home at Cadillac Ranch
