

So Damn Pretty

[Anna Rossinelli](#)

Don't want this moment to go by
Could someone please just stop the time?
There's no place else I'd rather be
Cause tonight it seems to me we're
The center of the galaxy
Yeah
As long as you are with me
Life is so damn pretty
These are the good times honey
If only tonight
As long as you are with me
Life is so damn pretty
These are the good times honey
If only tonight
The streets they call us for a ride
When neon lights are shining bright
It's like the perfect melody
Or a painter's favorite scenery
Hey
As long as you are with me
Life is so damn pretty
These are the good times honey
If only tonight
As long as you are with me
Life is so damn pretty
These are the good times honey
If only tonight
Dam-da-da-da-da-da-da-dam
As long as you are with me
Dam-da-da-da-da-da-da-dam
Life is so damn pretty
Dam-da-da-da-da-da-da-dam
As long as you are with me
Dam-da-da-da-da-da-da-dam
If only tonight
As long as you are with me
Life is so damn pretty
These are the good times honey
If only tonight

As long as you are with me
Life is so damn pretty
These are the good times honey
If only tonight
As long as you are with me
