

# Take It As It Comes

## J Roddy Walston And The Business

Raise the window on another day  
Got to take as it comes  
Just an actor waiting for a new play  
Got to take as it comes  
Ask me to dance, I will dance for you  
Ask me to sing, you see what I do  
If you feel sad, I'll make jokes for you  
I'm a handyman, I'm still coming through  
If you suffer from a broken heart  
Got to take as it comes  
If your lover tears your world all apart  
Got to take as it comes  
I've played a king and a down and out fool  
Some like it hot and some like it cool  
Do what they want but don't be their tool  
Savor the throne but don't mind the stool  
Carry on, carry on, carry on  
If they go too far, that's the way things are  
Though it may hurt some, take it as it comes, oh, yeah  
We're all skating on the thinnest of ice  
Got to take as it comes  
In a world that isn't so very nice  
Got to take as it comes  
And day now the curtain may fall  
All the plays end but no curtain call  
If you live sad or if you walk tall  
We're written on wind that's a lot to haul  
Carry on, carry on, carry on  
If they go too far, that's the way things are  
Though your mind gets numb, take it as it comes
