

Porcelain

Better Than Ezra

Hey, you've got a lot of nerve to show your face around here
Hey, you've got a lot of nerves to dredge up all my fears
Well, I wish I could shake some sense into you
And walk out the door But your skin is like porcelain
Yeah, your skin is like porcelain Just the other day I felt I had you by a string
Just the other day I felt we could be everything
But now when I see you, you're somebody else
With somebody's eyes And your skin is like porcelain
Yeah, your skin is like porcelain I don't know what I'm saying
Well, I don't know if you're there
In the words you are feigning
Do you even care? Well, I wish I could kill you, savor the sight
Get in to my car, drive into the night
Then lie as I scream to the Heavens above
That I was the last one you ever loved But your skin is like porcelain
Yeah, your skin is like porcelain
Yeah, your skin is like porcelain
Yeah, your skin is like porcelain
Yeah
