Blackfield

Don't you fight, don't you fight
When your death is calling for a ride
Close your eyes, close your eyes
You won't suffer here above the cloudsDon't know there's only one way out?
It comes when it comes
When it's true
For sharing some tears
And forget in a minute why
The reason they cried
One direction with no turning back
Soon it'll turn to black
Soon it'll turn to blackOne direction with no turning back
Soon we'll turn to black
Soon we'll turn to blackSoon you'll find, Soon you'll find
Today is just the future of the past
Don't you cry, Don't you cry
You are just an accident that startsDon't you know there's only one way out
It comes when it comes
When it's time
You're shedding some tears but forgetting why
The reason to cry
One direction with no turning back
Soon will turn to black
Soon will turn to black
One direction with no turning back
Soon will turn to black
Soon will turn to black
One direction with no turning back
Soon will turn to black
Soon will turn to black
One direction with no turning back
Soon will turn to black
Soon will turn to blackOne direction with no turning back (x2)Don't you fight (x2)When your death is calling for a ride
