

# Love

## Destiny's Child

It had been many years since I've been in love  
With a real man, I had given up on love  
I didn't think a good man existed in this world  
I was tired, of searching  
Because relationships I've dealt with in the past  
Couldn't fathom being monogamous  
When I least expected it I found you  
And because of you I know how it feels to be(Love) and when I look into your eyes I see (love)  
Pillow talk at night and I can hear (love)  
Oh, the next morning we make (love)  
I'm so in love Through you I live and love again  
Open the path to happiness  
Through you I learn to smile again  
I thank God for you  
Through you I live and love again  
I trust you just guide me take my hand  
Through you I learn to smile again  
I love you, I love you, I love you Now it's been three years since we've been in love  
And you keep doing things to show you're proud of  
Thirty beauties in the room only me you see  
The confidence you give lives in me  
I vow to never break your heart  
I'll never let you down  
For better or worse, I'll always be around  
And with you here to share my life, so complete  
And because of you I know how it feels to  
Be(Love) and when I look into your eyes I see (love)  
Pillow talk at night and I can hear (love)  
Oh, the next morning we make (love)  
I'm so in love Through you I live and love again  
Open the path to happiness  
Through you I learn to smile again  
I thank God for you  
Through you I live and love again  
I trust you just guide me take my hand  
Through you I learn to smile again  
I love you, I love you, I love you I thank God for you Your love's amazing  
Hail like the rain it fell on me (fell on me)  
Wanting it more and more cause your love's in the

Air, I breathe  
Lying beside me, you see into the soul of me  
(See into the soul of me)  
And you spirit sets me free Through you I live and love again  
Open the path to happiness  
Through you I learn to smile again  
I thank God for you  
Through you I live and love again  
I trust you just guide me take my hand  
Through you I learn to smile again  
I love you, I love you, I love you Through you I live and love again  
Open the path to happiness  
Through you I learn to smile again  
I thank God for you  
Through you I live and love again  
I trust you just guide me take my hand  
Through you I learn to smile again  
I love you, I love you, I love you Now it's been three years since we've been in love  
And you keep doing things to show you're proud of
